The Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations  
1036 Longworth House Office Building  
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the upgrade of Larry's Creek Water Treatment Facility at the Jersey Shore Area Joint Water Authority in Fiscal Year 2025. The entity to receive funding for this project is the Jersey Shore Area Joint Water Authority located at 1111 Bardo Avenue, Jersey Shore, PA 17740.

The funding for this project will be used to replace the existing 110-year-old treatment plant with a new membrane filtration water treatment facility. The project is an appropriate use of taxpayer funds because it will ensure safe, reliable, and clean public water for more than 6,600 residents in Lycoming County, including a hospital and other businesses.

This project has a Federal nexus because it is for the purposes authorized by Section 1452 of the Safe Drinking Water Act (42 U.S.C. 300j-12).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Glenn Thompson".
