Congress of the United States House of Representatives

March 19, 2026

The Honorable Tom Cole
Chair
House Appropriations Committee
Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the William Cameron Engine Company for Fire Station Renovation in Fiscal Year 2027. The entity to receive funding for this project is the William Cameron Engine Company, located at 239 N. 5th Street Lewisburg, PA 17837. The funding would be used to renovate and modernize the existing fire station to improve public safety, efficiency, and operational readiness. The project is an appropriate use of taxpayer funds because it directly supports the safety and protection of the community. The station houses emergency apparatus, equipment, and personnel responsible for responding to fires, medical emergencies, rescues, and disasters. Upgrading aging infrastructure improves reliability, response readiness, and firefighter safety while protecting expensive emergency vehicles and equipment already purchased with public funds.

The project has a federal nexus because it is for the purposes authorized in Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a).

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Glenn Thompson".
